Upper Quesnel River

“Devils Eyebrow” Day Trips

Overview

A full day trip on the upper section of the Quesnel River. This is an oar operated rafting trip, with paddle assistance from the guests.

Where to meet:

We meet downtown Likely BC, in front of the general store at the waterfront. If you require a shuttle from Quesnel, we will meet at Ceal Tingly Park in Quesnel at 7:30am.

Trip Features:

The Upper Quesnel River features some of the best whitewater rafting in the world. Depending on the group interests and the river levels we may opt to run the Cariboo river in the morning (1.5 hour run) before lunch. If there is interest in a double shot on the Quesnel, then we will run the Upper Quesnel “Devils Eyebrow” section twice.

Experience the crystal clear water and its consistent rollercoaster rapids and monster waves of the Devils Eyebrow section.

Between runs we relax in the Quesnel Forks between the Cariboo and Quesnel Rivers. This is a historical Gold Rush town with some restored and original buildings to enjoy while lunch is prepared.

Special Rates:

Group Reservation Program
Organize a group of min 8 persons and you ride free!
