

# SCHOOL GROUPS 2009

Spring 2009 Big Canyon Rafting School groups

We welcome our 2009 kids back during May and June this spring. We have an excellent youth group and School program designed specifically for Ages 9 and up.

Kids have an amazing experience on the Middle Section of the Quesnel River. A half day trip program coordinated with a camp lunch at our exclusive river campground. Paddling, splashing, water guns and even some fun roller waves! Loads of fun and safe for the kids. This is the best school trip of the spring!
